WHAT WE DO

Our Dyslexia Center is equipping students with the skills and confidence they need to approach learning with eagerness and without fear. The mission of the Dyslexia Center has three components:

STUDENT EDUCATION & SUPPORT

Provide the highest quality, state-of-the art, multisensory tutorial reading and written language instruction to children with dyslexia at no charge;

EDUCATOR CERTIFICATION

Train tutors in the art, science and practice of tutoring children using the Orton-Gillingham approach to multi-sensory teaching of reading, spelling and writing;

SCIENTIFIC RESEARCH

Advance the body of scientific knowledge of dyslexia through support of clinical research, to improve today's standards and tomorrow's care.
